Dear Teamster Brothers and Sisters:

The Teamsters Union does much for working families; however, there is still much left to do - including lending our support to outside charitable causes. While America's union movement mobilizes around a change agenda in 2016, we must also work to help those left behind in our worsening economy.

The United Way is a long-time partner of the International Brotherhood of Teamsters in helping such working families. For years, this partnership has truly made a difference. Our Union is not only helping those who need it through the United Way, but our organizations share a goal of long-term solutions to social service needs.

On behalf of the International Brotherhood of Teamsters, we proudly endorse the 2016 United Way campaign and urge you to support this important effort. I also encourage you to express your support for United Way through social media. For more information and ideas on how you can assist, please contact your Local United Way Campaign office or visit their website at www.unitedway.org. Together we can make real investments in our communities, our country and our future.

Fraternally,

James P. Hoffa
General President
